

THE KING'S CLUB

KING'S COLLEGE SCHOOL WIMBLEDON

WE ARE PLEASED TO ANNOUNCE THAT THE KING'S CLUB WILL BE REOPENING ON MONDAY 10TH AUGUST.

KEEPING OUR CLUB SAFE AND COVID SECURE

We have been busy preparing our club to ensure all of our facilities are safe and covid secure for our members and staff. We have implemented measures as directed by the government, Swim England and UKActive.

Some of our key measures include:

ENHANCED CLEANING: We use state of the art chemicals that are proven to be effective to safely remove viruses from surfaces, but are not harmful to people. Our products give 30 days protection, preventing the virus from attaching, breeding, existing or surviving on a surface.

TESTING KITS: We routinely and randomly use testing kits to test surfaces to ensure they are fully disinfected and sanitised.

SANITISING STATIONS on entrance and throughout the club

INCREASED SHIFT CLEANING: King's Club operative staff routinely cleaning all areas of the club periodically throughout our opening hours.

TRACK & TRACE: We operate a track and trace system via your club membership cards.

Members are required to have their bathing suits on under the clothes and can leave their bags on the poolside seating area.

Swim England has stated that members should dry themselves off at poolside and head directly home to avoid using changing rooms, however we have socially distanced off a maximum of 8 stations in each changing room if required.

- **Booking Slots**

Members will only be able to access the pool with a confirmed booking for a time slot. We have created 45 minute time slots to ensure each member enjoys a relaxing swim.

Booking System – We will start off with phone bookings and then move to an online booking app.

Booking line: **0208 255 5404**

Members can book a swimming slot up to 4 days in advance and can book up to TWO different slots per phone call (on different days)
